DO YOU WORK AROUND CHILDREN & YOUNG PEOPLE'S HEALTH? DO YOU WANT TO MAKE SURE THAT THEIR VIEWS AND OPINIONS SHAPE YOUR WORK TO INCREASE IMPACT?

Imperial College London

ayph

Join us for two workshops hosted by Imperial College London and the Association for Young People's Health to help you further develop your practice in this area.

Workshop 1, led by Imperial College London, will help you to improve your skills in analysing qualitative data collected from interviews and focus groups to create more accurate insights.

Workshop 2 will be led by young people alongside experts from Imperial College London and the Association for Young People's Health. Young people will provide insights and support to help you develop your practice in engaging children, young people and families in shaping your services ethically and effectively.

These workshops are designed to complement each other in building your knowledge and understanding. We recommend that you attend both workshops.

The workshops are open to practitioners in North West London and funded by the Integrated Care Board.

Workshop 1: Qualitative analysis skills (90 mins)	Workshop 2: Engaging young people and families in your work (1/2 day & all in–person)
Mon 6th Nov 2023 (online)	Fri 24th Nov 2023
Fri 19th Jan 2024 (online) *new date*	Thu 18th Jan 2024 *new date*
Mon 22nd Jan 2024 (in-person) *new date*	Wed 24th Jan 2024 *new date*
Fri 26th Jan 2024 (online) *new date*	Mon 29th Jan 2024 *new date*

In-person workshops will take place at Imperial College London campuses at either Charing Cross, Hammersmith, or White City.
